

EXPERIENCE

GitLab

Product Designer . Feb 2024 to Present

- Consolidated fragmented settings into a unified overview dashboard, reducing manual toil and improving operational efficiency for internal automation teams
- Delivered self-serve configuration capabilities like hosted runners to boost developer productivity
- Led adoption of pajamas design system across product workflows, driving consistency for the future roadmap
- Integrated AI tools (Claude, Figma Make) into my design workflow as part of company wide initiatives to improve design efficiency

Unity

Senior Product Designer . Jan 2022 to Feb 2024

- Simplified the most complex version control workflows for game developers and technical artists for Unity Version Control System
- Unified initiatives to ensure workflow consistency across various platforms of the product on desktop, web and Unity editor plugin
- Delivered the complete redesign of the Unity version control plugin within the Unity editor and integrated into Unity DevOps ecosystem

Redgate Software

Senior Product Designer . Aug 2021 to Jan 2022

Product Designer . Mar 2020 to Aug 2021

- Responsible for user research, interface design and design strategy initiatives for an industry-leading database product including SQL Prompt, SQL Toolbelt Essentials and Redgate Platform.

The Body Shop

Contract Digital Designer . Jan 2020 to Dec 2020

e4education

Web Designer . Oct 2012 to June 2019

EDUCATION

Masters in Computing and Internet
Anglia Ruskin University . 2010 - 2011

Bachelors in Information Technology
SRM University . 2005 - 2009

SKILLSET

Core competencies

- Contribute across full product development cycle, from discovery and research through design, testing and launch
- Partner with product, engineering and data teams to shape solutions for high-quality outcomes
- Plan and conduct end to end research cycle, using qualitative and quantitative insights
- Identify opportunities and inform product roadmap on long term vision

Visual design

- Rapid prototyping
- Simplifying complex workflows
- Design systems proficiency

Design and Research toolkit

- Figma
- Adobe Photoshop and Illustrator
- Mural & Miro
- Dovetail
- User testing

AI design toolkit

- Figma make
- Claude
- Lovable
- MagicPath
